ITEM #8 New Business

A). Dockside zoning change

Supervisor Lanzetta stated that someone is interested in purchasing the Graziosi property that is known as Dockside. The person is looking to build high end condos and would need a zoning change from Industrial to R1 or RAG1. He asked the Board to think about this. There was a brief discussion about sewer capacity and also the impact on the school district.

B). Farm Market

Supervisor Lanzetta stated that there are people in attendance at the meeting to talk about the Meet Me in Marlborough (MMiM) Farmers Market which was brought up at the last meeting and commented on by Tom Corcoran and some of the Board members.

Councilman Molinelli, one of the liaisons for MMiM stated that he spoke with Sheila Mannese to get answers to the questions and concerns that were brought up. The \$20 vendor fee is used for their brochure which advertises businesses and farms in town and the farmers don't mind paying it the fee. MMiM has offered the idea to the local bakeries to sell their goods at the market and Comparetto's chooses not to and Frida's is now there; they are both in the brochure. Ms. Mannese has asked local insurance companies if they would like to come to the market and they choose not to. Metropolitan Insurance is not local but attends the market. There was a comment at the last meeting about an out of area distillery, however, every winery in Marlborough has been asked to be at the market and they choose not to go. There were also traffic complaints; Sheila told Councilman Molinelli that there is a blind area when pulling out. He stated that he can get a report from Ms. Mannese and report it on her behalf at the meetings.

Chief Coccozza stated that there have not been any reported complaints or accidents. He recalled that Gil Tremain directed traffic before he retired and now Tom Schroeder sets up cones to draw attention to the market. Councilman Molinelli added that Mr. Schroeder does not get paid to put out the cones.

Supervisor Lanzetta stated his opinion about the market and also said that it has been running nicely. He took comments from the public at this time.

Tim Lawton, Resident, stated that Pat Ryan commended the market. He stated that our local farmers and businesses attend other out of area farm markets. He was a vendor there at one point to sell t-shirts for the Milton Landing and he commended the vendors and farmers who participate. He commented on the speed of the traffic on Route 9W and suggested a sign for the market. He added that the aforementioned out of area distillery is part of a local farm and also that the not for profits do not pay a vendor fee.

Kristina Macchiaroli, Resident, stated her opinion about the comments from the last meeting and what was in the newspaper about the Farmers Market. She is very much in favor of diversity and inclusion and the issue shouldn't have been in the newspaper.

Councilman Koenig commented that he is in support of the market but that MMiM should report all and any changes including any fees they collect for anything. He disagreed with the news article.

Supervisor Lanzetta explained his opinion about how this was handled.

Joseph Caserto, Resident, commented about how he supports the farm market. He agrees that there are traffic issues and suggested signage.

Diana Quimby, Resident Farmer, explained the role that Shelia Mannese has with MMiM and what she does. Ms. Quimby stated that she would like to move on from this.

Councilman Corcoran stated that the traffic is an issue. He explained his support for MMiM and stated his opinion that they should be reporting changes since they are on town property.

Some of the Board members and residents disagreed about the farm market changing over time without communication and also about whether the comments were allegations that were made at the last meeting about the market.

Maribeth King, Resident, stated that she has been to the market and stated that the traffic flow is confusing. She suggested that MMiM report and the Board hold them accountable and the Board can let them know what they want in the report. She gave her opinion about the newspaper article and believes there should be an additional article to make things right.

Councilman Baker explained that he reports for MMiM and that they are on the agenda each month and also gave his opinion about how this was handled. He also expressed how he feels about the market and that it is running smoothly.

There was a discussion with the Board and Chief Coccozza with regard to parking, traffic, and the entrance and exit to the Farmers Market.

James Garofalo gave his opinion on how to help the traffic flow and also the parking area.

The residents all thanked the Board for the opportunity to speak.

Supervisor Lanzetta stated that he will speak to the Department of Transportation, the Chief of Police and the Highway Superintendent about the road and traffic issues and suggestions that were brought up.

C). In person Meetings

Supervisor Lanzetta stated that the governor lifted the restrictions and the town will resume in person meetings. The next Town Board meeting that will be in person is July 12, 2021. There may be an option to meet using a hybrid method and still utilize Zoom; the Supervisor will look into it.

D). Cluett Schantz Park bathrooms by the playground

Supervisor Lanzetta stated that the bathrooms at the park by the playground are not in good shape and will need to be updated. A sink is also going to be replaced in the pavilion bathroom because it is broken.

There was a brief discussion about putting cameras at the park because there have been some issues.

Chief Cocozza stated that he is getting quotes for cameras.
